EDUCATION

Shri Vaishnav Vidyapeeth Vishwavidyalaya   **Indore, Madhya Pradesh**
B.Tech in Computer Science   *Expected Graduation, 2026*
CGPA: 8.38

Profile Summary:

MERN Stack Developer proficient in React, Next.js, Node.js, MongoDB, and TypeScript, with hands-on experience building and deploying scalable web applications. Skilled in leveraging modern UI libraries like Tailwind CSS and ShadCN UI, and integrating BaaS tools such as Supabase and Firebase. Developed AI-powered platforms and completed a 3-month remote internship at Pixel Tech, contributing to real-world projects. Passionate about clean, maintainable code, performance optimization, and staying current with the latest technology trends.

Experience:

Remote Web Developer Intern
Pixel Tech, Indore
Jan 2025 – Mar 2025 (3 Months)
- Collaborated on real-world client projects focused on scalable and responsive web applications.
- Built and optimized user interfaces using React.js, Next.js, TypeScript, and Tailwind CSS.
- Created reusable UI components with ShadCN UI, ensuring design consistency and code maintainability.

PROJECTS :

1. **Welfix – AI-Powered Finance Assistant**

   Tech Stack: Next.js, Tailwind CSS, Shadcn UI, Neon + Postgres, Prisma, Inngest, ArcJet

   Key Features:
   • **AI Dashboard Generation:** Automatically visualizes spending trends and financial summaries.
   • **AI Receipt Scanner:** Extracts and logs transaction data from uploaded receipts using AI.
   • **Financial Challenges:** Engages users with daily, weekly, and monthly money-saving tasks.
   • **Monthly Email Reports:** Delivers personalized spending summaries to user inboxes.
   • **Real-Time Analytics:** Displays categorized expenses and financial insights dynamically.
   • **Background Jobs with Inngest:** Handles scheduled tasks like email dispatch and data sync.
   • **Deployment:** https://welfixx.vercel.app/

2. **Mentoro AI– AI Career Coach**

   Tech Stack: Next.js, Neon DB, Prisma, Inngest, Tailwind CSS, ShadCN UI. An AI-integrated career guidance tool that aligns user skills with evolving tech trends and hiring demands.

   - **Tech Trends Analysis**: Delivers real-time insights into in-demand skills based on user profile data.
   - **AI Mock Interviews:** Provides practice interviews tailored to skillsets, with actionable feedback.
   - **AI Cover Letter Generator:** Crafts personalized cover letters for targeted job roles.
   - **ATS Resume Builder:** Enables users to build and download resumes optimized for ATS systems.
   - **Deployment:** https://mentoro-six.vercel.app/

ACADEMIC ACHEIVEMENTS :

- Earned certifications in **Full Stack Development** and **Frontend Web Development**, demonstrating strong proficiency in **MERN stack** technologies and front-end tools.
- Achieved **HackerRank certifications** in **CSS** and **JavaScript**, validating core front-end development skills.
- Completed **NPTEL certifications** in: NPTEL (IoT, Joy of Computing Using Python, Soft Skills)

SKILLS

- **Frontend:** React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, ShadCN UI, Framer Motion
- **Backend:** Node.js, Express.js, RESTful APIs
- **Database & ORM:** MongoDB, PostgreSQL, Mongoose, Prisma
- **Authentication & BaaS:** Clerk, Firebase, Supabase, JWT
- **Tools & DevOps:** Git, GitHub, Vercel, Postman, Cursor
- **Other Technologies:** AI Integration, WebSockets, Performance Optimization
